

Summary of the Local Development Documents

Core Strategy & Development Management Policies DPD

The Core Strategy will set out Exmoor National Park Authority's spatial vision and over-arching objectives, including those for minerals and waste, together with targets for the development of affordable housing and brown-field land. The Development Management Policies will provide criteria which will guide decisions on planning applications and appeals. This development plan document (DPD) will supersede all the policies of the Local Plan.

The full range of stakeholders, including North Devon and West Somerset District Councils and Devon and Somerset County Councils, local residents and businesses, Parish Councils, and other affected parties will be fully consulted as set out in the Statement of Community Involvement.

Supplementary Planning Documents (SPDs)

In the future we will produce SPDs which will provide greater detail on some of the policies in the Core Strategy and Development Management Policies DPD, such as design guidance.
